Upcoming MVOC Activities

Saturday, August 9, 2008 11am to 3pm

Innertube Float Trip (2nd try) on the Mad River north of Springfield

It is so simple, yet so pleasant. Bring your innertube. You just drop your innertube into the river. sit down on it and float through a river paradise. Listen to the birds, talk to friends or just perfect your floating technique.

If you don't have an innertube maybe we can loan you one, or tell you where to find one. Dress to get wet. Wear shoes that you don't mind getting wet. Don't bring anything onto the river that you won't mind losing. Sunglasses, (not prescription) sunscreen, a change of clothes.

We meet in Springfield and travel north. We position cars at the take-out to shuttle drivers back to their cars. Contact persons: Dwight and Donna Gehring dgehring@worldnet.att.net or 937-836-8515.

Friday and Saturday Nights August 15 and 16
Perseid Meteor shower Camp-out at Bill's place (private property).

This will be an excellent opportunity to bring your young ones on their first camp-out. It would be a simple thing to pack up and go home if it

should become necessary. This is located south and slightly west of Spring Valley. It is a short distance from the bikeway and a canoe access to the Scenic Little Miami River. Camping is primitive. There is no water, electricity or showers. But, there is a porta john.

It is easily one of the nicest places that we have ever group camped. There is a picnic shelter, a campfire ring, a pond, with a gazebo next to it and a canoe. There is a small island in the middle of the pond that has been treated with enzymes to inhibit algae growth. There is plenty of parking and camping space. There are nicely groomed trails to walk that traverse thick meadowland and forest.

The sky to the East is clear of trees making this perfect for viewing the Perseid meteor shower. See <http://skytour.homestead.com/met2008.html> for more information about this heavenly event. Of course, meteor viewing is dependent upon a clear sky. The best viewing is between 1am and 4am according to the experts. So, being there two nights doubles our chances to see 50 to 100 meteorites per hour. To sign up and receive directions to the campsite contact: Dwight or Donna Gehring dgehring@worldnet.att.net or 937-836-8515.

Eastwood Lake Sailboarding

This is our second outing of the summer since weather cancelled the outing in June. We will have our 2 boards at Eastwood Lake from 5PM to 8PM weather permitting. Someone usually goes for fried chicken around 6PM. Call for

reservations and directions. Life jackets provided. You will need a suit, water shoes and a towel. Some people like to use bicycle gloves. The water should be real warm. Join us. If just watching we suggest you bring a chair. Contact persons: David and Virginia Wood dvwood@donet.com or 937-426-9875.

July 2008 Trip Reports

July Innertube Float Trip

Last month's innertube float trip was cancelled due to rain. The decision to cancel was made about an hour and a half before the event was supposed to take place. Up until then it appeared that we would have a window of opportunity of about 3 or 4 hours to do our float trip.

I had phone numbers for most people and eventually decided to drive to Springfield to notify one last family of the cancellation. It was 11:30am when I left Springfield. It was raining at that time and continued to rain on me on the 30 minute drive back to Englewood.

It has been suggested that possibly we could have waited until the rain passed. It has also been suggested that we could have done it on Sunday. But, here is the thing. It continued to rain in Springfield throughout the afternoon and then into the evening. With that much rain in the area the river would have been dangerously deep and swift. There would have been much silt and debris floating in the river and our 2 hour float trip would have been over in 20 minutes. We also

could have been trapped on the river and subject to lightning strikes. Mother nature Will have her way and sometimes we need to just stay out of her way.

Windsurfing in July

Well, the weather finally cooperated. Fifteen people were able to enjoy a sunny evening at Eastwood Lake. We had two kayaks and two sail boards. Three people only kayaked and two people just watched, but the rest of us enjoyed the mild breeze and warm waters. All of the old timers made it out to the center of the lake and back without incident, and all of the newcomers managed to lift up their sail at least once without getting wet. So we are ready for the next session which will be held Monday evening Aug 25.

We have talked to the park rangers and hope that high speed water traffic will be more closely monitored in the future. All in all it was a relaxing, fun filled evening. Thank you Cindi and Donna for bringing your kayaks. (Virginia Wood)

MVOC Activities Coming Up

Backpack trip in the area of Marietta, Ohio for the weekend of Sept 26 & 27.& 28 This Weekender is, hopefully, being planned as a two level trip. Plans might include a 9.5 mile trail and a 15-20 mile trail with all parties camping together on Saturday night. I won't be hiking the longer trail. So, if any of you speedier backpackers want to help with the plans and be the trip leader of the long trail hikers, give me a call. Donna Gehring 836-8515 or dgehring@worldnet.att.net
